

Metagenomics and Traditional Fermentation Conference 2025 (MTFC2025)

September 10-13, 2025

MICROBIOLOGY

- Microbial ecology in fermented foods
- Novel starter culture development
- Beneficial microorganisms
- Pathogen control & food safety
- Preservation & shelf-life extension
- Probiotic properties

METAGENOMICS

- Advanced sequencing technologies
- Bioinformatics & community analysis
- Functional metagenomics
- Strain characterization
- Multi-omics approaches
- Novel species discovery

FERMENTATION TECHNOLOGY

- Traditional process optimization
- Scale-up strategies
- Smart equipment & monitoring
- Process standardization
- Novel product development
- Sustainable practices

Host

**Industrial University of
Ho Chi Minh City,
Vietnam**

IMPORTANT DATES

Abstract submission: Jul. 15, 2025
Notification of acceptance: Jul. 30, 2025
Full Paper submission: Aug. 15, 2025
Notification of acceptance: Aug. 25, 2025
Registration online: Aug. 30, 2025
Welcome reception: Sep. 10, 2025
Conference days: Sep. 11-12, 2025
Gala Dinner: Sep. 12, 2025
Technical and Social tour: Sep. 13, 2025

Sponsorship Packages for APPFC 2025 & MTFC 2025 Available

Publication: Q1, Q2, Q3 journals and
Peer review Proceeding
